

A MOUNTAIN OF RENTAL SOFTWARE EXPERIENCE

Genisys Mobile Software for Smart Phones

Wouldn't you rather spend more time with your customers? Now you can take care of business where ever you are!

Take advantage of the latest software and technology by Genisys.

To download a demonstration of this software - go to the "Brochures" page on our website!

All of the following function are in real time and can be used anywhere, 24/7 on any Windows Mobile® based phone.

Salesperson functions:

- Lookup customer information and open orders.
- Lookup inventory, availability by store location, rental rates and open orders on each item if desired.
- Make reservations including job site designation, PO number, special notes, delivery date & time, etc.
- Update meters at the jobsite!
- Plus much more!

Management functions:

- Check revenues for each location for any date range with breakdown by department if desired.
- Employee time clock lookup for any date range, with ability to drill down and see exact time clocked in and out by employee each day, including breaks!

Driver functions:

- See deliveries or pickups by truck for today's date.
- Select which item(s) are being delivered/picked up.
- Phone is then used as "signature capture" device to get actual signature with date and time stamp.
- Plus much more!

Yard functions: (Coming Soon!)

- Rental returns out in the yard with new meter reading, fuel used, etc. Can also print return ticket to wireless thermal receipt printer (connected to yard person via belt loop) and charge credit card for any late charges if needed. Partial returns no problem!
- Take inventory in store or out in the yard.
- Receive Purchase Orders
- Plus much more!

After you select an item (during the availability search) you can then either view open orders on that item, or reserve it, each by the touch of a button!

As you can see, you have many options when reserving inventory from your phone. When completed you can even fax or email it directly to the customer!

Store Name	Revenue
1-ABC Rental - Minneapolis	3,809,228
2-ABC Rental - St. Paul	1,544,018
3-ABC Rental - Duluth	1,672,584
Total All Stores	7,025,829

With proper security clearance, you can also view revenues for any date range, with easy drill down to see a breakdown by over 200 departments!

After the driver has designated which items (or all) have been delivered / picked up, they can easily have the customer sign for the delivery or pickup; and then the driver can enter the name of the signer.
